Total oversight.
One portal.

Create an immersive onboard experience with YIS, an innovative digital tool designed for the world's most discerning yacht clients. Available as an TV channel and as an intuitive app, see all onboard information wherever you are, from essential bridge data to the yacht's layout and detailed technical specifications.

Explore like never before with YIS: your yacht in your hands.

YachtCloud

Simple to use.
Rich in detail.

Each YIS system is tailored to meet the specific needs of the client by YachtCloud's service, 3D design and engineering teams. A software-only solution that requires no bandwidth, YIS offers seamless access to a wide range of comprehensive features:

- **Schematic overview of the yacht's layout**
- **Explore the yacht in interactive 3D detail**
- **Easy access to bridge data: speed, depth, heading, barometer, wind & temperature - all presented with trend data**
- **Behind the scenes of the yacht's mechanics**
- **Mapview to track the yacht's course**

Stability, security and easy deployment are at the heart of YIS. It's modular, choose only the features you need.

Want to know more? Get in touch with YachtCloud and try YIS for yourself

- No bandwidth or hardware
- Shore to sea access
- Private & secure
- Customisable & multilingual
- 7-star support
