Discover the new GEST Connect App
The seven-star service call system at sea and shore

Discover the most luxury service

GEST is created to enable the highest service level, either on land or sea. Embark on a new era of luxury service with the groundbreaking GEST Connect App, a cutting-edge innovation designed to redefine the way a guest engages with service, making them feel at home.

All that guest needs to do is download the app and enter the code provided by the crew. Service has never been more accessible.

GEST has been the leading service call system in exclusive settings for many years. The most iconic superyachts and luxury residences have the GEST devices on the table, customized in the most beautiful versions. With the addition of the GEST Connect App, this service quality will further increase, while it is even easier for the crew.

Smart interactions

Easy to set up and to use

Setting up the GEST Connect App is as simple as scanning a QR code.

Using the GEST Connect App is instinctive. A standard or priority service request is easily differentiated by touching the steward call button for two or five seconds. GEST's subtle sound and light indicate the state of the call.
